

PRE-LAUNCH · CAPITAL REGION · SUMMER 2026

Your next great date isn't a restaurant.

Datenooks rents private, beautiful places — docks on Lake George, Troy rooftops, Catskills meadows, candlelit barns — for one unforgettable evening. No hotel. No strangers. Just the two of you, a place worth remembering, home by bedtime.

WHAT IT IS

A marketplace for private evenings.

Hosts open beautiful spaces — an orangery, a lakefront dock, a rooftop hot tub, a wildflower meadow — for 3 to 6 hours. Daters book the evening, arrive to a place set up for two, and drive home together. The host is invisible unless you asked them to cook.

WHAT MAKES IT DIFFERENT

Not Airbnb. Not a restaurant.

Airbnb rents whole houses for nights. Restaurants rent a table. Datenooks rents just the evening at places you can't book any other way. Hosts declare presence mode upfront and it's enforced by policy.

WHO IT'S FOR

People who care about the night.

Daters sick of the same three restaurants. Anniversaries, birthdays, apologies, Tuesdays. First 250 signups get a \$50 Founding Dater credit, applied at launch.

Hosts with a beautiful place and a few free evenings. Flat 85% payout. Zero platform fees for the first year. Founding hosts get \$250 in booking credits.

SAFETY, BUILT IN

- Two-sided ID verification
- Exact address 2 hours before arrival
- Rain plan on every listing
- 24/7 safety line during every booking

01 · FIND YOUR PLACE

Browse private docks, treehouses, meadows, rooftops. Filter by vibe, party size, and budget.

02 · BOOK THE EVENING

Pick date and window. Add upgrades — chef, florals, wine. Confirm in minutes.

03 · ARRIVE, ENJOY, LEAVE

Walk into a place set up for just the two of you. No host hovering. Drive home together.
